

Electronics Recycling Annual Report and E-Cycle Collector/Recycler Registration

Cycle: *Annual* | Year: *2025* | Status: *Completed*

Member Name: *Posey County Solid Waste District*

This section must be completed before proceeding.

Report the pounds of e-waste sent to each recycler facility. A **recycler facility** demanufactures e-waste and conducts intermediate consolidating, sorting, shredding, or baling operations.

Report the pounds of e-waste transported through a broker. A **broker** arranges the shipments of recyclables to final destinations.

Report the pounds of e-waste sent to manufacturers / end users by destination. A **manufacturer / end user** is a production facility of basic products that uses the recyclables as a raw material without further offsite recycling. Please report the amount of e-waste from Indiana sources and do not break out into constituent commodities such as plastics and metals.

Certification of Compliance with Indiana's E-waste Management Rules

The facility must document compliance with Indiana's E-Waste Management Rules (329 IAC 16). The E-Waste Management Rules apply to any entity in Indiana that collects, brokers, stores, recycles, resells, dismantles, or demanufactures e-waste. These rules outline the storage, operating, training, disposal, and closure requirements for operating as an e-waste storage and processing facility in Indiana. An entity that does not meet any of the exemptions under 329 IAC 16-3-1 must register as an e-waste storage and processing facility with IDEM. Inspections may be conducted by IDEM to verify exemptions claimed below.

Compliance with the rules is satisfied by one of the following:

- **Site is a registered Indiana e-waste storage and processing facility**
- **Site is exempt from registering under 329 IAC 16**
- **Site is not physically located in Indiana**

Check the box that certifies the compliance status with Indiana's E-Waste Management Rules (329 IAC 16): *

- Facility is a registered Indiana e-waste storage and processing facility under 329 IAC 16.
- Registration under 329 IAC 16 for this site is pending; a registration form has been submitted to IDEM.
- Facility is exempt from registration requirements under 329 IAC 16.
- Facility is not physically located in Indiana.

Please indicate which of the following exemptions applies to the site: *

- The facility is storing less than twenty-three (23) tons of e-waste on-site at any given time.
- The facility is storing e-waste for less than five (5) days at a time.
- The facility holds a valid permit under Indiana's hazardous waste management facility rules (329 IAC 3.1), solid waste land disposal facility rules (329 IAC 10), or solid waste processing facility rules (329 IAC 11).

Certifications

Please check all the certifications that this facility has obtained. Only check the box if you have completed the certification by the date the form is submitted. If you are in the process of completing a certification, please note that under "Other/Pending". *
